BUILDING BLOCKS 2021

PRESENTER: ANDY SCHREDER

Seven hours of contractor continuing education is provided with focus on several key areas shown to be of particular interest over the last 12 months.

Rum River Construction is excited to continue partnering with Pine Technical & Community College to offer in-depth, quality education for MN Licensed Contractors and Code Officials.

This year has brought many opportunities to learn while navigating a public health crisis, a robust building season, in addition to the adoption of a new building code. Join us as we explore significant changes to the residential building code and how this will impact your construction projects.

This course will include:

- Energy Code Criteria
- Business Management Content
- Remote Inspections Considerations
- Safety Glazing
- Building Planning Awareness

****Course is being offered both in person and via zoom. Zoom link will be provided prior to the start of class. It is recommended that you sign into zoom prior to the first day of class to test your computer, audio and camera****
